Music and Lyrics by Tyler Somers (BMI) and Jennifer Somers (BMI)*

C1: F E7 Am7 G/B C G
There is plenty on this earth to suit our needs.
F E7 Am7 G/B C G
But there will never ever be enough to satisfy our greed.
F E7 Am7 G/B C G
Weigh this heavy on me now til' I can hardly breathe.
F G Am7 Am7 F G C F C G
Love through me. love through me.

V1: C F C
I've never gone a day without a meal because I couldn't afford it
C F Gsus G
Stood on a corner and begged for pennies, holding out a sign
F C F C
Call me blessed, but it sure does feel pathetic,
F G C
Children round' the world are hungry now.

PC1: F C F C F C
So would I give up pillows and cable, clothing and candy,
F Gsus
If a boy could rest his tired bones?
F C F C F C
Would I lay down making all this money, just to have my milk and honey,
F Gsus G
If my fellow man could get the chance to watch his children grow?

Int: C F C G

V2: I feel in the right, self-justified, giving coins away.
But what about the time I consider mine not tomorrow but right now today.
Clothe the naked; feed the hungry; welcome strangers.
Come on. get up and open your eyes.

C2: (half-time) So would I give up pillows and cable, clothing and candy
If a girl could have some more to eat?
(bluegrass-time) Would I lay down making all this money, just to have my milk and honey.
If my fellow man could get the chance to hear about the King?

B: interlude(half-time) (C G F G C G F G) (half-time continues)

C G F G

Help us see.

C G F G

Our eyes are weak.

C G Am7
