A1: Am F C C
My voice you didn't know, didn't know
Am F C C
I called you had to go, had to go
G F Am F
back to your little world, where nothing is strange,

A2:
you set out on your own, on your own
you said, i'm heading home, heading home
back to the life you know, neatly arranged,

B1: C G Am F
I have done for you everything my love
C G Am F(break)
hear my song for you, I will not hold my tongue

Int: Am F C C (2x)

A3:
it's late your getting cold, getting cold
you try to keep warm but you're alone, you're alone
the dark streets are empty now, and the wind starts to blow,

B2: C G Am F
I have done for you everything my love
C G Am F
hear my song for you, I will not hold my tongue
C G Am F (break)
open your heart, open your heart, for I have loved you from the start

Int: Am F C C (2x)

C1: Am F C C (10x)
I will never harm you

B3: C G Am F
I have done for you everything my love
C G Am F
hear my song for you, I will not hold my tongue
C G Am F
open your heart, open your heart, for I have loved you
C G Am F (break)
open your heart, open your heart, for I have loved you from the start
